

# Two Witches

Transgender erotica by Rebecca Molay

Warning: Sexually Explicit

For adults only!

Hi Mark! Do you think I am sexy?

You didn't really think you would get lucky tonight, did you? You are not the kind of guy that leaves the club with the hot chick. But you see, I love shy and timid boys like you. I like to play with them. And so does my flat mate Chantal.

Now, don't be shy! Take off your clothes!

You are a little bit intimidated by me, aren't you? Well, you should be, because I am a powerful witch, and I like to bring out the best in men. Hmm, you are getting hard. Well, enjoy it while it lasts.

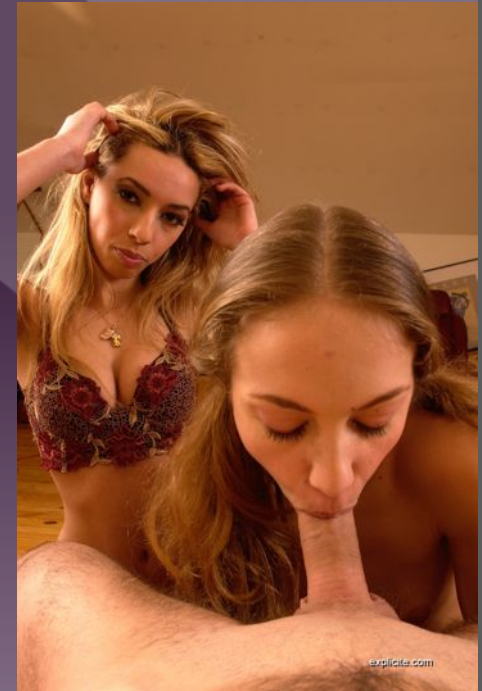

Have you ever wondered how it feels like to suck cock? Why we like it so much? Have you ever wondered how it feels like for a girl?

Chantal, can you come in here please, and take a look at this boy I found down at Rio's? You like him, don't you? Mark, don't be afraid. This won't hurt at all.

We are just going to suck the man out of you and liberate the woman inside. Think of us as your friendly neighborhood succubae. We feed on the male energy of suckers like you.

See! It is shrinking already, and when you come it will disappear completely. But you won't miss it at all. You will get a fine, soft, pussy that will bring you a lot of joy. No, there is no point in struggling. We have you under a spell now. You cannot escape.

Ah, I know you are awake. You fainted, my dear. I have been playing with myself while you were asleep, remembering the day I woke up as a woman. Yeah, Chantal changed me also.

Don't be afraid. You are allowed to touch yourself.

You think this is a dream, don't you? Well, dream away. Touch that soft skin of yours, and down there you will find even softer petals of red flesh. You like that don't you?

I know, I cannot get enough of it myself. You know, Chloe - you don't mind if I call you Chloe do you? It seems appropriate somehow - you know, we love to spoil good boys and make them more human. Which is why Chantal has given you a very strong libido. You won't be able to sleep anymore without a series of orgasms.

Chantal? Why you don't order some pizza? It can be a gift to our new girl friend.

Oh, I see, you like it in your ass as well.  
I am sure something can be arranged.  
Yeah, do massage those tits of yours. I  
love it when you do that.

Hey, you can borrow this one. It is Chantal's favorite. Feel's good, doesn't it? Do practice your sucking darling, you will need it.

You can put that toy away now, Chloe. The pizza boy has arrived. I know that you are a little bit confused right now, but think of it as a dream and give in to your urges. I promise you, the joy you have felt so far is nothing compared to this. I want you to spread your legs, Chloe, and let the man inside you.

Be gentle at first, Jim. This is her first time you know.

That's good Jim. Now, turn her around and fuck her in the ass. She seems to like that. Relax, Chloe, the pain will give way to pleasure.

Ah, I see that you are starting to realize that this is real now, Chloe. Well, don't be afraid, we will take good care of you, as long as you promise to be bait for more suckers like yourself.
