- How do you feel? Do you like your new room?  
- I guess. It is kind of girly.  
- Yes, but you are a girl now, are you not?  
--Kinda!  
- How did you become a girlie?  
- I did bad things.  
- What bad things?  
- I stole money from Mister Kane.  
- Yeah, you did, didn't you. And what does Mister Kane do to people who cross him?  
- He punishes them.  
-And he turned you into a girl?  
- Yeah, I guess he did. I cannot remember.

- You cannot remember being a man?
- Oh yes. I used to be an old geezer, you know. I had a wife and everything.
- Did you like being a man?
- No, it was sooooo boring. I had to read all these boring papers you know.
- Do you like being a girl?
- Kind of...
- What do you like about it?
- I have such a big butt, you know. Would you like to see?
- Yes, why not?
- See. It is round and sexy.
- It sure is.

- But if it is OK for you to be a girl, why do you think that it is a punishment?
- Oh, I know the answer to that one. He wanted to humiliate me.
- What's so humiliating about being a girl?
- I dunno...
- Could it be that you were kind of a sexist when you were a man?
- What is a sexist?
- A man who takes advantage of women and treat them as play things.
- Noooo, I didn't!
- You did!
- I cannot remember.

-Woow, you are pretty forward.

-I have had these strange dreams, you know. About boys. I like boys.

- You do?

- I didn't before, you know. But now I think they are exciting.

- And you don't find that humiliating?

- Should I?

-I used to have one of these you know. I remember that. It wasn't as big as yours, I think. It was nice for peeing. I have to sit down now and use paper and everything.

- Oh woow! Careful! How does it feel having a pussy?

- It is kind of nice, you know. All of it is very sensitive. That little love knob is sooo much more electric than a cock, you know.

- And if you have a pussy you can welcome someone inside you. I love the idea of owning someone like that. Having them in my power. Your cock is nice!

- Hey! You think I am sweet don't you?

-Oh, God, yes!

- But I used to be a man. Doesn't that turn you off?

- Not anymore, you are. Oh, have mercy on me!

- Am I going to stay a girl for the rest of my life?

- I am afraid so.

- What will happen to me?

- Oh, I guess Upper Management will give you to one of their clients as a gift. You'll get married to one of their friends. Have kids. You know.

-But I already have kids!

-Well, forget about them. You will never see them again. It will be different this time. You will have your own baby at your breast.

- Oh, this...is...ah... good. Yeah, push harder! I can feel you inside me. Is this how you make babies?
- Yes!
- Are we making babies now?
- It could happen, but I am not sure my boss would be happy about that.

- Do you know what I hope?
- No!
- I hope you will stay with me...
- We'll see about that.
