

...Open Enrollment

Thank You for considering us!

Since opening in September of 2005, we have had the pleasure of teaching 10,000's of London children over the years. Some of which now work for us! That is the best compliment we can receive! We love what we do & we trust that you will see that!

Everyone knows that learning takes time. Lots of time. Learn, review, repeat, master... on to something new... Many of our students have been coming for YEARS!

You spend your entire life "learning something new every day"... so why not make it FUN too!! This is true of physical skills and LIFE SKILLS! We use gymnastics to train strong minds and bodies! That is why The Little Gym offers continuous open enrollment. You can start in any class that has space and stay as long as you can or want and experience what we call LIFELONG LEARNING. The minimum is 2 months.

Our monthly focus takes into consideration your child's overall development and builds from month to month and year to year. You pick a class and your spot is saved until you advance/transition into another age group or need to cancel.

PARENT/CHILD CLASSES
