This Empowerment is the first in a number of Viking Energy Empowerment's that I am currently channelling.

The Empowerment's will connect you directly to the deity and all of their attributes, Good and Bad as we all need the balance of these energies to become whole within ourselves.

It is then up to you to work with the deity you have been attuned to, to gain a stronger connection to their energies and then to work with their energies in your everyday life.

This system is not necessary a healing system although you can use it in this way. I kept receiving a message from spirit

and the message I keep receiving is that yes, we can now channel the healing energies of the Universal energy but what about our spiritual progression? If we truly want to make a difference in this world we must all work on ourselves as well as others so we may reach ascension and spiritual enlightenment.

Only by reaching this spiritual state can the world start to become a better place, so this system and attunement will work on YOUR spiritual progression by giving you the POWER of Thor's hammer to smash down all those barriers and walls that are binding you from progressing, Smashing down the walls that stop you from reaching your full potential, smashing down any and

all walls that do not serve your
highest good.

You can use this hammer to help
heal and break down barriers in
relationships, if you are fed up
with work then use Thor's hammer
to help you in finding the RIGHT
job for you, to gain that
promotion.

Please remember that Thor is
also the God of War and
lightening so be careful what
you do ask for. Only work for
the highest good of all and you
will receive your rewards.

Here is a channelled message I
received from Thor during my
daily meditation.

DATE: 30th July 2006

"I am Thor, Mighty and strong.
Some think of me as weak and
stupid but I am not. I represent
triumph over evil, I bring war
to those who are unjust and I
cause the skies and earth to
tremble with my mighty Hammer
and Power. Do I sound like a
weak man to you, Jay?"

I desire respect and reverence
from all who shall call upon my
name, if this is done you shall
be given all you have asked for
but I will not make war against
your enemy.

With my Hammer you will have the
ability and power to destroy all
obstacles in your path, Destroy
all negative energies that come
your way to send it back from

where it came. Use my Hammer
wisely and only for the good of
all, using it for negative or
destructive reasons will anger
me and my anger will be felt.

You must remember I command the
storms and Lightning.

Call on me to bring Rain and
storms to your desert lands, ask
me to help in breaking down
obstacles so that peace may
come. I also enjoy peace among
man, but many wars now exist
among you. This is not my doing.
Man has his own free will but I
can surpass this to bring
freedom to the slaves and peace
to the weary and tired.

After that last sentence the
message broke off.

Thor's energies are very strong and powerful. During your attunement you may feel a strong powerful presence around you but at the same time there will be a feeling of comfort as if you are being wrapped in an energy field of strength and courage.

Thor is not a God who brings war upon others for the sake of war. He is a God who, is fearless, and defends what is right fiercely and with vigor.

Ask for his help and assistance, and he will lovingly give it. Ask him to unjustly harm others, and he will not comply.

He admires courage and strength,
gives it to those who need it or
allows them to realize it is
within themselves all along
waiting to be called forth. He
gives you the confidence to
stand up for yourself, to stand
true to your beliefs and to
yourself.

Attunement Procedure

To Pass this attunement is very
easy as you will be speaking
directly to your students higher
self.

Prepare the room you will be
sending the attunement from,
Light some candles (please
follow normal safety procedure

with candles), Incense, play some relaxing music and then relax yourself either in lotus position or laying on the floor or bed.

Gain an energetic rapport with your student I do this by reciting there name and address a few times in my mind, If you have a picture of know what they look like this also helps.

When you feel relaxed and connected to the student you can proceed with the attunement.

You can either say the following or use which ever way you feel comfortable with sending an attunement.

" I INTEND THAT (STUDENTS NAME) ,
(ADDRESS) , BE ATTUNED TO THE ENERGIES
OF THOR'S HAMMER ON THIS (DAY, DATE,
TIME) AND AKS THAT THEY WILL RECEIVE
THE STRONGEST ENERGIES THAT THEY CAN
HANDLE AND THAT THEY WILL BE PROTECTED
AT ALL TIMES DURING AND AFTER THE
ATTUNEMENT.

The attunement has now been
sent.

I usually like to stay with the
energies as they are flowing as
it's always nice to receive a
little booster of energy
yourself when sending an
attunement.

I hope you have enjoyed reading
this manual and will also enjoy
your attunement.

Many Blessings,

There must be an exchange of some kind for this and every energy system.
