

RoseMade Designs CU4CU TOU
2013

Very simply, please try to follow the Golden Rule when using my designs:
"Do unto others what you would have them do unto you."

But, to avoid any confusion:

1. You MAY use these for items you create for store collabs, blog trains and freebies.
2. You MAY use these to create Personal Use, Scrap4Hire and/or Commercial Use items provided that you comply with the following items:
3. DO NOT share these files by any means (groups, torrents, file sharing sites, etc.) or with anyone. The original purchaser is the only person covered under this license.
4. DO NOT create items in files with open layers (PSP, TIFF or PSD, etc.) that allow the styles (or patterns, etc.) to be extracted and sell those layered files or give those layered files away as freebies.
5. DO NOT use these to create other Designer Resources that are tools -- such as styles, patterns, shapes, overlays or brushes.
The styles must be applied to something like an element, a paper or an alpha. You may then sell that flattened item as PU/S4H/CU to your customers.
6. Please give me credit in your TOU or in your store description
