Consensus Estimates: \$0.14 (whisper) \$0.12(estimize) \$0.10 (wall street)

StockJumpers trajectory analysis – reveals a miss on expectations for user growth and a drop. We expected (wanted) some good news from this once high flyer so we could go long, but not this quarter. We are short for the event – mostly because of the metrics on growth going forward and they need new fresh ideas to bring up their revenue.
