

You just never know when a twister is going to whisk you off to a magical land of witches, munchkins, and great adventures with new friends. One minute Dorothy and her dog Toto were home in Kansas, and the next they were teaming up with the Cowardly Lion, Tin Woodman, and Scarecrow to save the magical land of Oz from the Wicked Witch. Best of all, they realized how brave, loving, and kind each of their friends are, and that no matter how wonderful an adventure may be, there just isn't any place as wonderful as home.

**Maggie Blossom** is a Nashville-based author with a passion for sharing incredible, hilarious, and entertaining stories with young minds. She finds inspiration for her whimsical original stories from her own children, who happen to love storytelling just as much as their mother. Maggie hopes someday her children's children will read her books and feel inspired to tell their own silly stories and share them with the world.

**Asha Pearse** has a style all her own. Her work is a collaboration of quirky hand-drawn and painted elements and cutout printed textures, brought together in a layered collage. She likes to sneak her old ginger cat Aubrey into her pictures. Asha lives in Oxfordshire, where she drinks a lot of tea and eats too much cake. She also really likes robots and stars.
