Vitamin B5 Deficiency may cause paresthesia, or "pins and needles"

Vitamin B6 may cause anemia or damage to parts of the nervous system other than the brain and spinal cord.

Vitamin C Deficiency may cause megaloblastic anemia.

## It Takes 2 to Start a New Day

It is recommended that you take the gummy bear twice a day. studies suggest that results may be seen in as little as 90 days. This includes an increase in growth and shine. It's thought that the longer you consume, the better your results will be.

If you're experiencing hair thinning or hair loss due to Biotin deficiencies, Gumboo Bear Hair Vitamin will assist in regrowth by targeting the root. Despite shampoos and serums, Hair vitamins can optimize internal conditions to help the hair growth and address the internal cause instead of symptoms. Gumboo products are becoming extremely popular as they are great biotin and vitamin resources which all together play an important role in the health of your hair, skin, and nails. Vegan Gummies are specifically formulated with the best nutrients that are essential to boost the health of all hair types. You will notice incredible results in just a few weeks after using these natural berry flavored gummies without taking large and smelly biotin pills. You can find a balanced mix of Folic Acid, Vitamin C, A, E, B5 and Zinc in each Gumboo Bear Vitamin. The natural ingredients create a strong formula which is essential for hair and nail growth.
