XXIA is down 5.2% over the last month and down 29.4% over the last 3 months. The stock price down 10.4% over the last year.

Last 3 Quarters Jump Zone: -5.60%, 18.89%, -12.80%

Consensus Estimates: N/A (whisper) \$0.16 (estimize) \$0.15 (wall street)

StockJumpers trajectory analysis – reveals a positive reaction to the release, and we expect more buying than selling, but not deep. The moves may be slow until late in the after-market session or the following morning. We are long for the event though cautious with inconsistent trajectories. In the end the BUY wins as the trading direction even though we are tempted to add a red arrow for the initial move.
