Here are some things I saw when I  
went for a walk.

This is a set of Neighborhood or Nature Walk recording pages for preschool, pre-K and Kindergarten. Included are: pictures without labels in color and b/w, pictures with labels in color and b/w, and a printable where the children can draw some things that they saw. Use any time of year.

Discuss each picture before leaving. Give each child a clipboard, a marker and a recording page. They can put a check on each picture of things that they see, or just color over the picture. Talk together about the walk when you get back.

\*\*\*I added a page including a cloud instead of a squirrel, for those that don't have squirrels where they live.

I add FREE items often. Follow on TpT and Pinterest to get them as soon as they are listed.
