

Vacation Chant

Children chant rhyme, (clap, slap knees alternately). Teacher gives some clues about a place, or a method of travel. E.g. This a place that has lots of trees, tents, and hiking trails. Or, this is a vehicle that you can live in and sleep inside. Children guess, and then chant again. If you want, create a little action drama after each right guess – set up a tent, build a campfire, go hiking etc.

We're going on vacation –
Where (how) are we going to go?
Give me a clue,
Because I don't know!
