I thought staying in the lines just isn't what I was meant to do, so I broke free! The other letters of the alphabet couldn't believe what they were seeing, but I didn't stop because I knew I could be anything I could imagine! This encouraging tale about one daring letter who wants to stand out uses a clever play on words to deliver a message about creativity, individuality, and following your dreams and can be read in both first and third person.

"With a range of characters, amusing wordplay, and a positive message, this title makes an engaging classroom read-aloud in a kindergarten or early elementary setting, while older readers would also enjoy exploring the text and illustrations independently."

This reimagined alphabet is the perfect combination of entertaining and enlightening! With hilarious mashed-up words, such as beyazing (beyond + amazing), representing each letter A through Z, this alphabet has a message with a bit of whimsical flair.

"I loved the concept of creatively combining and expanding vocabulary for children to formulate new words to express peace, love, encouragement and compassion. By focusing on positive vocabulary words, and further jumping off in limitless ways to combine them, it allows children to practice, form and verbalize these words to encourage other students. It's a creative book to start the process and spread the positive rewards of empowering language."
