**Campbell Manning** is proud to call Canada home. A graduate of Guelph University, he resides in London, Ontario, with his wife Jane, two cats, and dog—who is part wolf. When he's not renovating their home, he's baking—a hobby that has earned him the appreciation of his family and friendship of all his neighbors. His book was inspired by the unfettered power of children's imaginations and their ability to turn dreams into reality.

**Nadia Ronquillo** is an illustrator and visual development artist from Ecuador. Ever since she can remember, she has had a pencil in her hand. She has illustrated several children's books and worked on various animation projects for publicity spots. When she is not sketching or painting, she's reading books or obsessing over a new K-drama.
