"This picture book will prove to be an enduringly popular addition to family, elementary school, and community library collections."

—Midwest Book Review

"...successfully convert[s] Melville's verbosity into a more accessible form for modern children while maintaining the tone and style of speech."

—School Library Journal

"The 10 Minute Classics successfully condensed "Moby Dick" very effectively. The illustrations captured the era realistically and added to the horror and powerlessness of the crew attacking Moby Dick."

—Youth Services Book Review

They were a fine and varied collection of men from the world over, but none compared to the captain himself.
