# Episode 1: Donald Raven

# Beat the Bastards!

- Welcome to Beat the Bastards, the TV show that presents real prisoner getting real punishment!

# Outside the box

- It was, as one commentator put it, “the best example of policy makers being able to think outside the box since the Goths invaded the Roman empire.”

- President Ella Smith declared that since most crimes were committed by “male bastards” anyway, she wanted an alternative punishment for male rapist, murderers, tax evaders and traffic offenders

- Volunteers would have their sentence reduced to one year if they agreed to a non-reversible nano-viral therapy that changed them into women. Moreover they would have to serve one year as a “domestic servant” for citizens willing to pay the necessary 1 million dollars.

- The program was a great success. The income fees alone paid for a new for the presidents new health reform.
- Moreover, the fallback percent for the prisoners involved were 80% lower than for the regular male prison population.

- We are going to look at what happened to nine of the involved offenders.
- We have installed hidden cameras in order to see how their designated guardians may help change these corrupted men into law abiding, productive and, above all, feminine and sexy women!

- Meet Donald Raven, AKA Melissa Raven. He was given 10 years for tax evasion in 2009, when his company went bankrupt.
- He has been bought (or “rented”) by General Cosmetics International due to his knowledge of tax law.

- The viewer should note that according to the so-called Gitmo principle, the client may actually treat the prisoner in any way he or she likes, as long as there are no lasting scars. Amnesty has not been heard, as the reform has - in the words of our very popular president - “made the streets of America safer”.

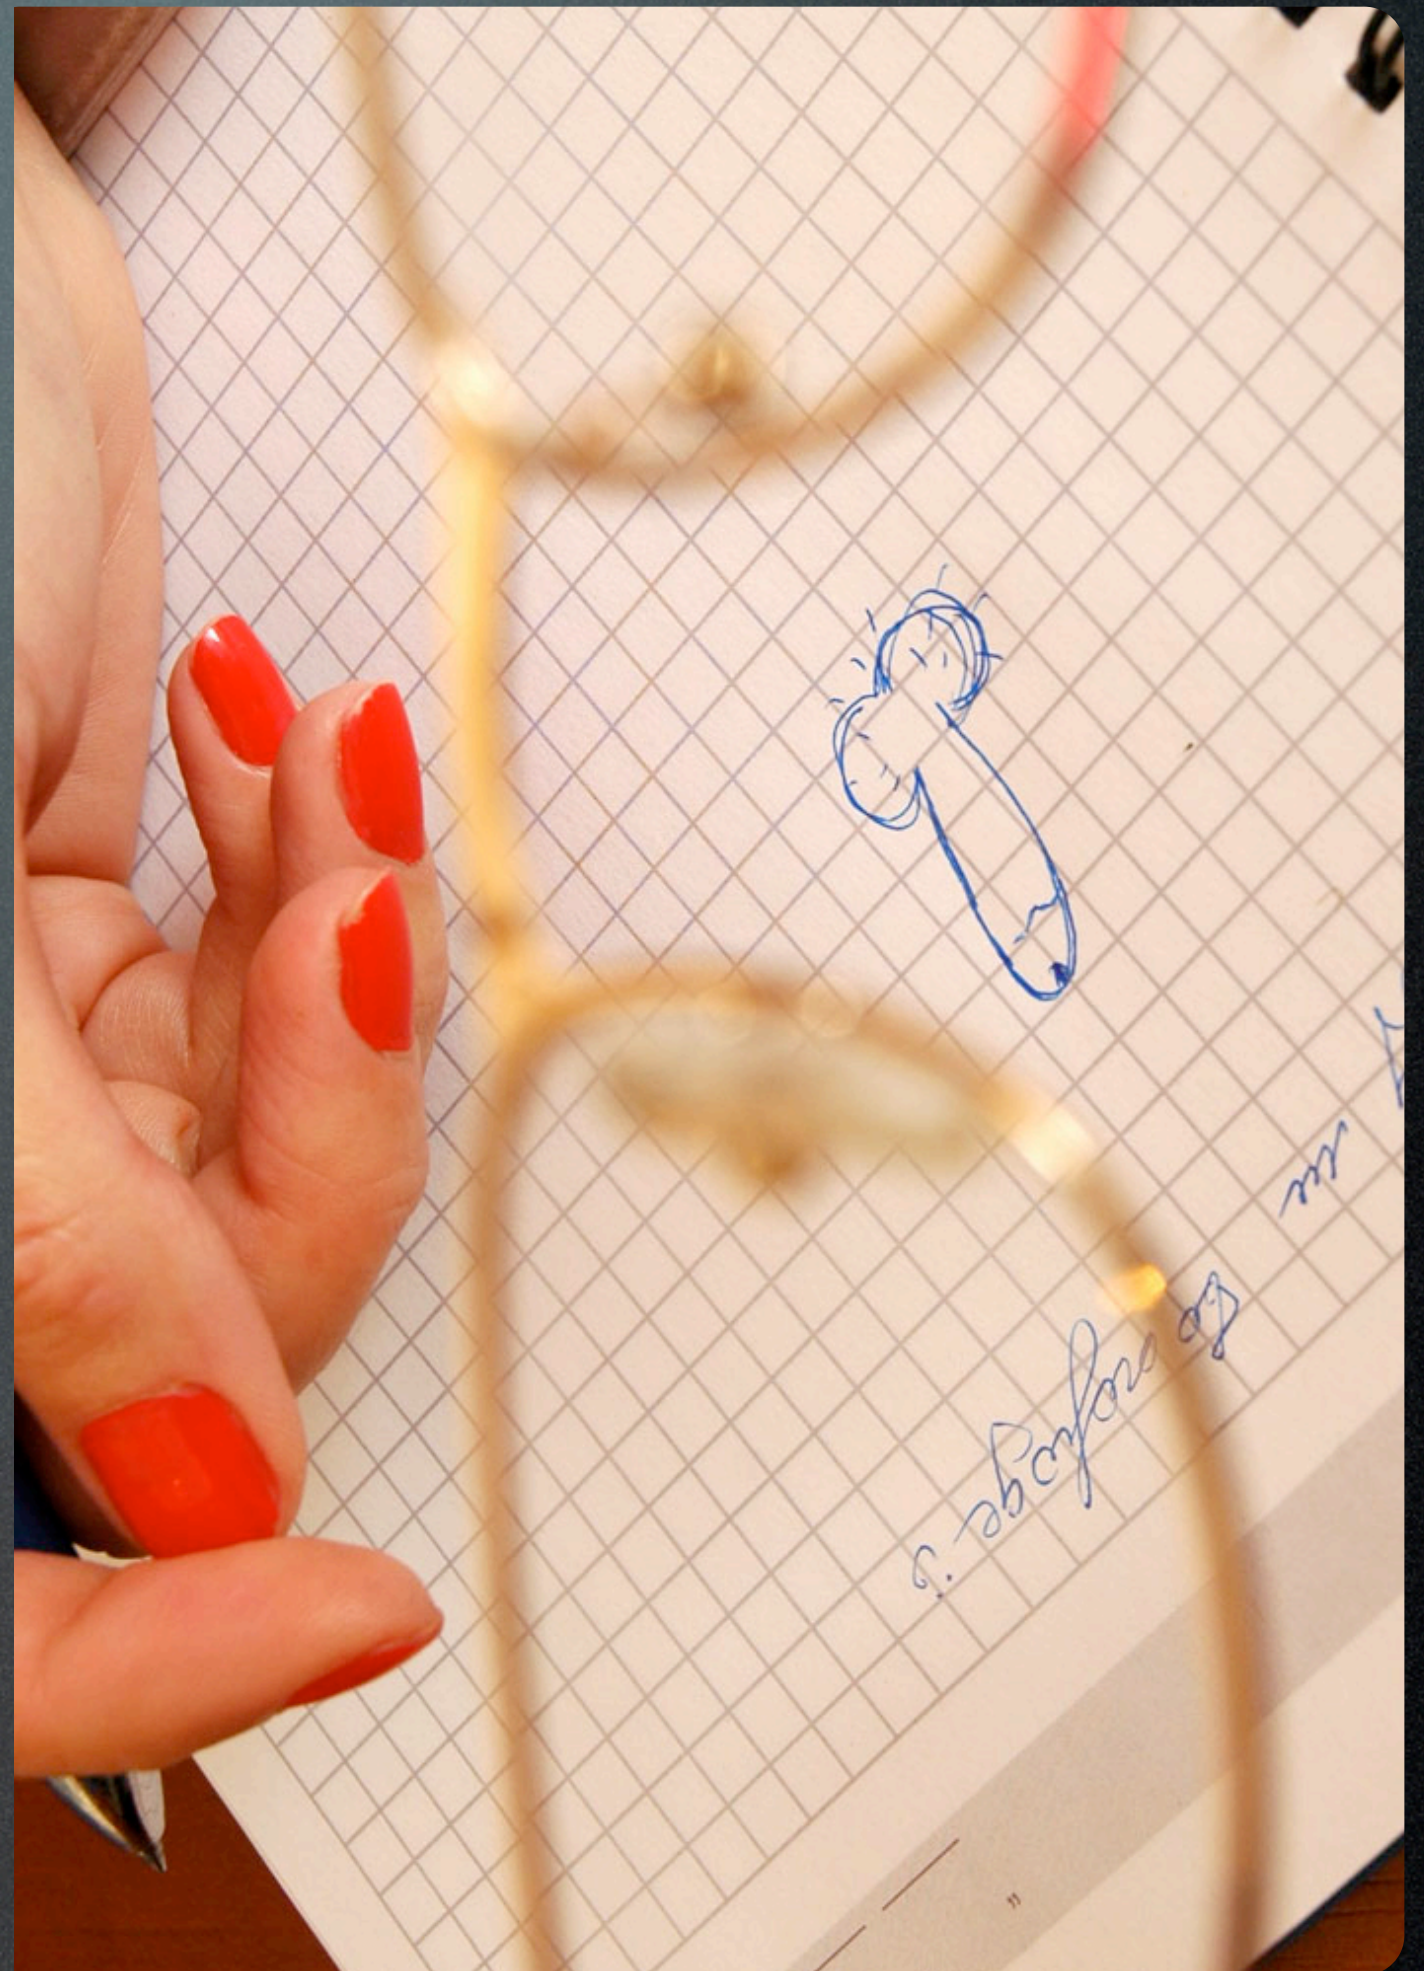

- Melissa may look like a normal woman to you, but it took her three months of intense training to learn how to dress, put on make up and move and talk like the lady she is now.

Unfortunately,  
she is still  
grieving for  
her lost male  
sex organ.

- We are now going to see an example of why the penal reform has been so successful. This is Melissa's new boss. Henrik Bold.

- He is according to the law entitled to treat Melissa in a “manner that contributes to the societal crime preventive effect of the penalty.”

- Melissa's drawing is clearly not part of her job description and Henrik will now punish her according to article 5 of the reform.

- Woops, it seems Melissa is trying to argue with him. She is still new in the game, and does not know that her subliminal conditioning will not allow her to escape from what is to come.

- As all clients Henrik has learned how to treat insubordination of this kind.

- The prisoner's pathetic attempts at begging for forgiveness is, as should be, not heeded.

- Research has shown that forced fellatio is a very efficient way of ensuring the complete feminization and passivization of such offenders, as it undermines what remains of their violent masculinity.

- Melissa clearly understands this, but the fact that she cries like a girl also demonstrates that hers is a lost cause.

- In this case, however, Henrik decides that she needs a harder punishment. She is conditioned not to bite, but he might be a little bit intimidated by her crying. The Prison Board will not like to hear that.

- Ah, he turns her around! Could it be that he is going for a rear entry?

- Yes, he does! And Melissa does not like it at all. Dear viewers. You will now get an intimate glimpse into the well functioning American penis - ah - penal - system.

- Well, there is no harm in getting some pleasure out of a hard job. Needless to say, all the prisoners are turned into very attractive girls in order to help their guardians.

- And here we go. Melissa is losing her newfound virginity! Look at her face! Isn't she sweet?

Henrik as pulled out,  
and is preparing anal  
penetration. His dick  
is well lubricated, but  
this will probably  
hurt as hell!

- We have entry!

- Her humiliation is now complete!

- The fact that it all is transmitted over national TV also helps, of course.

- You can see that she is pretty worn out. Here is one girl who will never cheat on her taxes again.

- Now Henrik is going for his reward for all this hard work.

- To all you kids watching: This is what happens when you break the law.

- And so this episode of Beat that Bastards is at its end.
